RE: House Bill 6633 - Concerning Fair Share Planning and Zoning

I am writing in support of the bill enacting Fair Share Planning and Zoning in Connecticut. I have lived in Avon and have been a resident of Connecticut for 50 years. As a retired West Hartford public school teacher I have witnessed the difficulties that persons of color and disabilities have in obtaining affordable housing and I ask that you vote the HB 6633 forward knowing that our state can be a strong leader in fair and just practices in housing for all those in need of assistance.

Thank you,

Beverly Duncan
